**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been a customer of several large providers over many years. Generally the service was terrible and shoddy at best. Fortunately there are local providers who are much more customer service oriented and who provide consistent reliable service. I would NOT want to lose that choice. I was paying much more money to ATT and being charged for a speed they could not even deliver due to the location of my house to their boxes. Sonic my local carrier is honest and reliable. Over the years if I have had an issue they have responded to it IMMEDIATELY as well as FOLLOW UP. Something the large providers seem to care less about. Please don't jeopardize my ability to make GOOD choices by limiting competition with these latest proposals that are being put forth by large carriers that don't really want competition. Thank you.
